Welcome to the Loess Hills District Wine Trail!

The trail is within the Loess Hills District American Viticultural Area (AVA). An AVA is a specific geographic area where grapes are grown for wine, and an area where soil type, climate and elevation is clearly distinguishable from its surroundings.

AVA designation means that any wine with an AVA name on the label must be made from at least 85% local grapes. Any wine with an AVA name on the label is therefore truly "local."

Enjoy your tour of the beautiful Loess Hills and experience the flavors of these 8 unique wineries and vineyards.
